Dear __________,

I had a _________ time at Explorers today! We learned about ______________. When we went outside we saw ____________________. I also noticed ________________________. My favorite part about today was when _________________.

Sincerely,

______________
Today was a wonderful day with Explorers! Our lesson was about _________________ Ask your student about ________________, our hands-on object of the day. If you have time this week, you might consider exploring ________________ as a family. Next week we will be talking about ________________. Please remind your student to bring ________________.

Sincerely,

______________ Minnesota Master Naturalist
